

Bowling Green Area Chamber of Commerce partners with less than 10 employees can enroll in a special associate membership with the Kentucky Chamber of Commerce for no additional charge. This associate membership, which is only available to members of local/area chambers, connects small businesses to business-related legislation. It is an online membership that includes subscriptions to:

- Kentucky Chamber *Newslink* – an e-newsletter sent twice a month
- *Frankfort Inside Out*, an e-newsletter sent weekly during the legislative session
- Action Alerts, e-mailed during the General Session to mobilize the membership on a particular issue

Associate members also have access to the Kentucky Chamber's online membership directory and an online Grassroots Toolkit that outlines the legislative process and provides information regarding business-related legislation, and small-business resources.

To take advantage of the Kentucky Chamber associate membership, please complete an online application at www.kychamber.com/associatemembershipsignup.
